Bid security will be returned to the three (3) lowest bidders within thirty (30) working days after the accepted bidder has executed the Contract. Such a performance bond shall bear the same date as, or dates subsequent to, the date of the Contract. Bids accompanied by such a consent of surety will be rejected.

ADDENDA: Any addendum issued to provide additional information to the bidders shall become an integral part of this bid package. Receipt of any addendum shall be acknowledged by the bidders in the space provided on the bid proposal form.

QUESTIONS REGARDING SPECIFICATIONS: Should any Bidder be in doubt as to the intent of the bid specifications or the Scope of Work, as defined in the "Bid Specifications Flood Buy-Out Demolition," he should immediately notify the Township of Harmony in writing, who will then send a written addendum to all bidders recorded as receiving bidding documents covering the point in question. Bidders may not rely on oral responses to inquiries. In order to comply with statutory notice requirements, all questions must be received by the Township of Harmony no later than eight (8) days prior to the bid opening date. Questions received less than eight (8) days prior to the bid opening date will not be answered. Only questions answered by formal, written addenda will be binding. Oral or other written interpretations or clarifications will be without legal effect.

Before submitting a Bid, the Bidder shall apply in writing to the Township of Harmony for clarification or interpretation of any conflicting information between two or more statements in the Scope of Work. If such clarification or interpretation is not requested before bidding, the Bidder shall be responsible for doing such work and furnishing such materials as necessary to comply with whichever interpretation of the bid specifications that the Township of Harmony may deem to be proper.

QUALIFICATIONS OF BIDDERS

To demonstrate his qualifications for the Project, each Bidder must be prepared to submit, within five (5) days of the Township of Harmony's request, additional written evidence, such as financial data, previous experience, equipment maintenance records, and evidence of authority to conduct business in the jurisdiction where the Project is located.

EXAMINATION OF CONTRACT DOCUMENTS AND SITE

Before submitting his bid, each Bidder should: (a) examine the contract documents thoroughly; (b) visit the sites to familiarize himself with the local conditions that may, in any manner, affect performance of the Work; (c) familiarize himself with Federal, State, and local laws, ordinances, rules, and regulations affecting performance of the Work; and (d) carefully correlate his observations with the requirements of the contract documents. Prior to the demolition, the Contractor is permitted to remove any items that have salvage value from the property. Such items can be sold, transferred, or otherwise disposed of by the Contractor. The value associated with such items should be deducted from the Bid. Each Bidder should be sure to consider any salvage value while undergoing an inspection/evaluation of the site.

If hazardous survey and investigation reports have previously been prepared, the Township of Harmony will make copies of same available to any Bidder requesting them. Before submitting a Bid, each Bidder will, at his own expense, conduct such additional surveys and investigations as he may deem necessary to determine his Bid for performance of the Work within the terms of the contract documents.

WITHDRAWING BID: The Township of Harmony reserves the right to reject any Bid and to waive any minor informality in any Bid, should it be deemed in the best interest of the Township of Harmony to do so. Bids may be rejected for any of the following reasons:

1. Failure to complete the Ownership Disclosure Statement.

2. Failure to complete the Affidavit of Non-Collusion.
3. Failure to properly complete the Bid Proposal form.
4. Failure to submit bid security (if required).
5. Failure to complete Affirmative Action Certification.
6. Failure to comply with specifications (insertion of additional conditions, provisions, or stipulations).
7. Failure to provide Consent of Surety
8. Failure to provide listing of subcontractors
9. Failure to sign addenda page
10. Failure to provide Business registration certificate.

PROCEDURES ON AWARD OF CONTRACT: The Township of Harmony reserves the right to reject any Bid, to waive any and all informalities, and to disregard all nonconforming or conditional bids or counterproposals.

In evaluating Bids, the Township of Harmony shall consider the qualifications of the Bidders, whether or not the Bids comply with the prescribed requirements, and alternates and unit prices if requested in the bid forms. The Township of Harmony may consider the qualifications and experience of Subcontractors and other persons and organizations, including those who are to furnish the principal materials or equipment proposed for the portions of the Work as to which the identity of Subcontractors and other persons and organizations must be submitted as specified in the Supplementary Conditions or Specifications. The Township of Harmony may conduct such investigations as it deems necessary to establish the responsibility, qualifications, and financial ability of the Bidders, Subcontractors, and/or other persons and organizations to perform the Work in accordance with the contract documents to the Township of Harmony's satisfaction within the prescribed period of time. The Township of Harmony reserves the right to reject the Bid of any Bidder who does not pass any such evaluation to the Township of Harmony's satisfaction.

The Contract will be awarded to the lowest responsible bidder whose evaluation by the Township of Harmony indicates to the Township of Harmony that the award will be in the best interests of the Project and the NJDEP. **The NJDEP must enter into a separate procurement contract with the lowest responsive bidder on each individual property; every acquisition property subject to demolition must be bid independently.** The Township of Harmony reserves the right to recommend the award of the bid to more than one vendor when it is deemed to be in the best interest of the NJDEP to do so. It is NJDEP's preference that bid award recommendations are made to the State of New Jersey by the Township of Harmony through a Committee Resolution identifying the low bidder for the Scope of Work, as defined in "Bid Specifications Flood Buyout Demolition." If time conflicts arise, written notice from the Township of Harmony may be acceptable.

NOTIFICATION OF AWARD: Upon the NJDEP's review of the bid packages and confirmation with the Township of Harmony of the acceptable low bid, the NJDEP will forward the required procurement documentation to the State Department of Treasury's Notification of Engagement for official review and approval. This is a necessary step in order to satisfy the State's procurement process. Once full State approval has been obtained, the contract documents will be prepared and submitted to the Township of Harmony, which will pass the contract documents on to the winning bidder to be fully executed and returned to them. The Township of Harmony will retain the signed contract documents until the demolition work is completed and submit same to the NJDEP, along with the following: (i) written verification that the Township of Harmony is satisfied with the Work; (ii) copies of any and all required permits, disposal verification, and certifications; and (iii) written verification of the Performance Bond and Maintenance Bond being held. **Should any successful bidder, upon being notified, fail to execute a Contract with the Township of Harmony within ten (10) business days of receiving such notification, the Township of Harmony will be free to award the Contract to another bidder, and the Township of Harmony shall have the right to proceed against the guaranty accompanying the Bid.**

EQUAL OR TIE BIDS: In the event that equal or tie bids are submitted, the Township of Harmony reserves the right to award the Project to the bid that serves the best interest of the Township of Harmony with reference to the information submitted with the proposals.

ASSIGNING THE CONTRACT: The Contract shall not be sublet, assigned, pledged, hypothecated, or sold, in whole or in part, without the written permission of the Township of Harmony and the NJDEP.

SUBMISSION OF BIDS: Bids shall be submitted at the time and place indicated in the advertisement, and Notice to Bidders shall be included in a sealed envelope, marked with the project title and name and address of the Bidder. Bids shall be accompanied by the required Bid Bond and all other required documents.

MODIFICATION AND WITHDRAWAL OF BIDS: Bids may be modified or withdrawn by an appropriate written instrument, duly executed in the same manner that a bid must be executed and delivered to the place where bids are to be submitted at any time prior to the opening of bids.

OPENING OF BIDS: Bids will be opened as indicated in the advertisement and Notice to Bidders.

BIDS TO REMAIN OPEN: All bids shall remain open until such time as the Township of Harmony has entered into a contract with the successful low bidder or for a period not to exceed sixty (60) business days after the day of the bid opening. The Township of Harmony, in its sole discretion, may release any bid and return the Bid Bond to any unsuccessful bidder prior to that date.

PAYMENT ON CONTRACT: The contract price shall be payable either in one lump sum for the work completed, or as indicated in the bid specifications, following satisfactory completion of the Contract and presentation of a properly executed purchase voucher and the acceptance of the approving authority that the Work has been completed to applicable standards. As of September 1, 2006, payment to contractors on construction-related contracts is subject to the Prompt Payment Law, N.J.S.A. 2A:30A-1 et seq.

The Township of Harmony is soliciting proposals on behalf of NJDEP and is acting as the contracting agency. Once the Contractor is selected, NJDEP will require an individualized procurement contract with NJDEP and a Certificate of Insurance for each dwelling. All payments associated with the Contract will be made by NJDEP. After the Work is completed and verified as satisfactory by the Township of Harmony, a voucher is to be signed and submitted to NJDEP for payment.

OWNERSHIP DISCLOSURE STATEMENT: Each Bidder warrants and represents that he has furnished a true statement of all the information required for the completion of the Ownership Disclosure Statement.

NON-COLLUSION AFFIDAVIT: This affidavit must be submitted with the bid proposal form and must be notarized.

- * All Addenda issued by the Township of Harmony prior to the receipt of bids

All of the above, when taken as a whole, shall constitute the contract documents. Any work exhibited in one but not in another shall be performed just as if it had been set forth in all, in order that the Work shall be completed in every respect according to the complete design, as decided and determined by the Township of Harmony.

INSURANCE: The Contractor will not be allowed to begin work under the Contract until he has all insurance required by the contract documents, and the insurance has been approved by both the Township of Harmony and NJDEP. The insurance required shall be maintained in full force and effect until all work to be performed under the terms of the Contract is satisfactorily completed and accepted by the Township of Harmony. The Contractor shall furnish the Township of Harmony with satisfactory proof that it carries the insurance required by submitting the original insurance policies and endorsements or properly executed conformed copies thereof. Each insurance policy and endorsement shall contain an undertaking by the insurance carrier not to cancel the policy except upon thirty (30) days' notice to the Township of Harmony. The policies and endorsements shall specifically refer to the Township of Harmony and NJDEP as insured parties of the Contract and shall state that the insurance as provided conforms to the requirements of the contract documents. All insurance required by the Contract shall be placed with responsible insurance companies that are authorized to do business in the State of New Jersey and are satisfactory to both the Township of Harmony and NJDEP.

"INFORMATION FOR BIDDERS" AS PART OF THE CONTRACT: The terms and provisions set forth under the heading "INFORMATION FOR BIDDERS" are hereby made a part of the terms and conditions of the proposed contract.

EXTRA CHARGES: All services quoted are exclusive of New Jersey State Sales Tax and are on the basis of completion.

PERIOD OF CONTRACT: The Contract shall cover the period specified on the bid sheet. Start dates listed are approximate.

TRANSITIONAL PERIOD: In the event the services are terminated either by the expiration of the Contract or by NJDEP's termination of the Contract, it shall be incumbent upon the Contractor to adequately secure the property until new demolition services are secured. At no time shall services extend more than ninety (90) days beyond the expiration date of the existing contract.

PROCEDURAL REQUIREMENTS AND AMENDMENTS: Should the Contractor find at any time that existing conditions make modifications to any bid requirements desirable, he shall promptly report such matters to the Township of Harmony and NJDEP for consideration and decision.

By submitting a Proposal, the Bidder agrees that he has performed his own investigation of the site conditions and reserves no right to cancel the Contract or seek other relief because of any misunderstanding or lack of information.

CONTRACTOR'S REQUIREMENTS FOR REGISTRATION: As stipulated by P.L.199, c.238., no contractor or subcontractor will be permitted to bid on or engage in any contract for public work, as defined in section 2 of P.L. 1963, c.150 (N.J.S.A. 34:11-56.26), unless the contractor or subcontractor is registered with the New Jersey Department of Labor.

NEW JERSEY BUSINESS REGISTRATION REQUIREMENTS: The Contractor shall provide written notice to its subcontractors and suppliers of the responsibility to submit proof of business registration to the Contractor. The requirement regarding proof of business registration extends down through all levels (tiers) of the Project.

Before final payment on the Contract is made by the Contractor shall submit an updated and accurate list of, and the proof of business registration for, each subcontractor or supplier used in the fulfillment of the Contract. Alternatively, the Contractor shall attest that no subcontractors were used.

N.J.S.A. 52:32-44 requires that each bidder submits proof of business registration before the award of the Contract. However, the Township of Harmony requires that proof shall be submitted with the bid. Proof of registration shall equate to a copy of the bidder's Business Registration Certificate (BRC). A BRC can be obtained from the New Jersey Division of Revenue. Information on obtaining a BRC is available online at www.nj.gov/njbgs or by phone at (609) 292-1730. N.J.S.A. 52:32-44 imposes the following requirements on contractors and all subcontractors that knowingly provide goods or perform services for a contractor fulfilling the Contract:

1. The Contractor shall provide written notice to its subcontractors and suppliers to submit proof of business registration to the contractor;
2. Prior to receipt of final payment from a contracting agency, a Contractor must submit to NJDEP an accurate list of all subcontractors or attest that none was used;
3. During the term of the Contract, the Contractor and its affiliates shall collect and remit to the Director of the New Jersey Division of Taxation the use tax due pursuant to the Sales and Use Tax Act, N.J.S.A. 54:32B-1 et seq., on all sales of tangible personal property delivered into this State.

A business organization that fails to provide a copy of a business registration as required by section 1 of P.L. 2001, c.134 (N.J.S.A. 52:32-44) or subsections e. and f. of section 92 of P.L.1977, c.110 (N.J.S.A. 5:12-92), or that provides false business registration information under the requirements of either of those sections, shall be liable to pay a penalty of \$25.00 for each day of violation, but not to exceed \$50,000.00, for each business registration copy not properly provided under a contract.

PREVAILING WAGE ACT (WHEN APPLICABLE): If required, pursuant to N.J.S.A. 34:11-56.25 et seq., successful bidders on projects for public works shall adhere to all requirements of the New Jersey Prevailing Wage Act. The Contractor shall be required to submit a certified payroll record within ten (10) days of the payment of wages to the New Jersey Department of Labor, Division of Workplace Standards. The Contractor is also responsible for obtaining and submitting all subcontractors' certified payroll records within the aforementioned time period. If required, the Contractor shall submit said certified payrolls in the form set forth in N.J.A.C. 12:60-6.1(c). It will be the Contractor's responsibility to obtain any additional copies of the certified payroll form to be submitted by

contacting the Office of Administrative Law, CN 049, Trenton, New Jersey 08625 or the New Jersey Department of Labor, Division of Workplace Standards.

MULTIPLE BIDS NOT ALLOWED: More than one bid received from an individual, a firm or partnership, a corporation, or association under the same or different names shall not be considered.

UNBALANCED BIDS: Bids that are deemed unbalanced or inaccurate by either the Township of Harmony or NJDEP may be rejected.

UNSATISFACTORY PAST PERFORMANCE: Bids received from bidders who have previously failed to complete a contract or contracts within the time scheduled thereof, or who have performed prior work for the Township of Harmony or NJDEP in an unacceptable manner, may be rejected.

LIQUIDATED DAMAGES

DAMAGES FOR CAUSE: The Contractor shall be liable to NJDEP for any expenses, losses, or damages (as determined by the Township of Harmony) incurred in consequence of any defect, omission, or mistake of the Contractor, his Subcontractors, agents, or employees, or for the making good thereof.

COSTS OF ENGINEERING AND INSPECTION: In the discretion of the Township of Harmony and/or NJDEP, there may be deducted from any payment due the Contractor and retained by the Owner an amount to defray the amount paid by the Owner to inspect the Work for any time in excess of the completion time stipulated by the Contractor, in excess of eight (8) hours per day or on Saturdays, Sundays or Legal Holidays. This amount shall be determined at the rate of Seventy Five Dollars (\$75.00) per hour for each person employed on the site.

DAMAGES FOR NON-COMPLETION: If the Contractor is permitted to finish the Work after the specified period of completion, NJDEP and the Township of Harmony shall have the authority to deduct and retain from any payments to the Contractor a sum calculated at the rate of Two Hundred Dollars (\$200.00) per calendar day after the specified completion date that the work remains uncompleted, all as liquidated damages and not as a penalty, to defray loss to NJDEP due to the Contractor's failure to complete the Work in the stipulated timeframe. It is mutually agreed that the sum stated for liquidated damages is fair and reasonable and not disproportionate to the actual damages, which are not readily susceptible to exact ascertainment and proof as of the time of the making of the Contract; however, nothing contained herein shall be construed to prevent recovery by NJDEP for the costs of any damages sustained in excess of the liquidated damages provisions herein as a result of the Contractor's failure to complete the Work within the specified period of completion. Likewise, nothing contained herein shall be construed so as to create an option on the part of the Contractor to either complete the Work on time or pay liquidated damages.

During the performance of the Contract, the Contractor agrees as follows:

The Contractor or Subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality, or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the Contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality, or sex. Such equal employment opportunity shall include, but not be limited to the following: employment; upgrading; demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. EQUAL EMPLOYMENT OPPORTUNITY ACKNOWLEDGMENT
FOR CONSTRUCTION CONTRACTS

When hiring or scheduling workers in each construction trade, the Contractor or Subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the applicable employment goal prescribed by N.J.A.C. 17:27-7.3; provided, however, that the New Jersey Department of Labor, Division of Workplace Standards (Division) may, in its discretion, exempt a Contractor or Subcontractor from compliance with the good faith procedures prescribed by the following provisions as long as the Division is satisfied that the Contractor or Subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Division, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the applicable employment goal established in accordance with N.J.A.C. 17:27-7.3.

The Contractor or Subcontractor agrees that a good faith effort, as noted above, shall include compliance with the following procedures:

(A). If the Contractor or Subcontractor has a referral agreement or arrangement with a union for a construction trade, the Contractor or Subcontractor shall, within three (3) business days of the Contract award, seek assurances from the union that it will cooperate with the Contractor or Subcontractor as it fulfills its affirmative action obligations under the Contract and in accordance with the rules promulgated by the State Treasurer pursuant to N.J.S.A. 10:5-31 et seq., as supplemented and amended from time to time, and the Americans with Disabilities Act. If the Contractor or Subcontractor is unable to obtain said assurances from the construction trade union at least five (5) business days prior to the commencement of the Work, the Contractor or Subcontractor agrees to attempt to hire or schedule minority and women workers directly, consistent with the applicable employment goal. If the Contractor's or Subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with the applicable employment goal, the Contractor or Subcontractor agrees to be prepared to hire or schedule minority and women workers directly, consistent with the applicable employment goal, by complying with the hiring or scheduling procedures prescribed under (B) below; and the Contractor or Subcontractor further agrees to take said action immediately if it determines or is so notified by the Division that the union is not referring minority and women workers consistent with the applicable employment goal.

(B). If the hiring or scheduling of a workforce consistent with the employment goal has not or cannot be achieved for each construction trade by adhering to the procedures of (A) above, or if the Contractor does not have a referral agreement or arrangement with a union for a construction trade, the Contractor or Subcontractor agrees to take the following actions consistent with the applicable county employment goals:

(1). To notify the public agency compliance officer, the Division, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3 of its workforce needs and to request the referral of minority and women workers.

(2). To notify any minority and women workers who have been listed with it as awaiting available vacancies.

(3). Prior to commencement of the Work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the Contractor or Subcontractor has a referral agreement or arrangement with a union for the construction trade.

(4). To leave standing requests for additional referral of minority and women workers with the local construction trade union, provided the Contractor or Subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service, and other approved referral sources in the area until such time as the workforce is consistent with the employment goal.

(5). If it is necessary to lay off some of the workers in a given trade on the construction site, to assure, consistent with the applicable State and Federal statutes and court decisions, that sufficient minority and women employees remain on the site consistent with the employment goal and to employ any minority and women workers so laid off by the Contractor on any other construction site on which its workforce composition is not consistent with an employment goal established pursuant to the rules implementing N.J.S.A. 10:5-31 et. seq.

(6). To adhere to the following procedure when minority and women workers apply or are referred to the Contractor or Subcontractor:

(i). If said individuals have never previously received any document or certification signifying a level qualification lower than that required in order to perform the work of the construction trade, the Contractor or Subcontractor shall determine the qualifications of such individuals, and if the Contractor's or Subcontractor's workforce in each construction trade is not consistent with the applicable employment goal, it shall hire or schedule those individuals who satisfy appropriate qualification standards. However, the Contractor or Subcontractor shall determine whether the individual at least possesses the requisite skills and experience recognized by a union, apprentice program, or a referral agency, provided the referral agency is acceptable to the Division. If necessary, the Contractor or Subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to N.J.A.C. 17:27. All of the requirements, however, are limited by the provisions of (C) below.

(ii). If the Contractor's or Subcontractor's workforce is consistent with the applicable employment goal, the name of any interested women or minority individual shall be maintained on a waiting list for the first consideration, in the event the Contractor's or Subcontractor's workforce is no longer consistent with the applicable employment goal.

(iii). If, for any reason, the Contractor or Subcontractor determines that a minority individual or a woman is not qualified, or if the individual qualifies as an advanced trainee or apprentice, the Contractor or Subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Division.

(7). To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Division and submitted promptly to the Division upon request.

(C). The Contractor or Subcontractor agrees that nothing contained in (B) above shall preclude the Contractor or Subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the county employment goal, the Contractor or Subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the Contractor or Subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the Contractor or Subcontractor agrees that, in implementing the procedures of (B) above it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union. After notification of award, but prior to signing a construction contract, the Contractor shall submit to the public agency compliance officer and the Division an initial project workforce report (Form AA 201) provided to the public agency by the Division for distribution to and completion by the Contractor, in accordance with N.J.A.C. 17:27-7. The Contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of the Contract to the Division and to the public agency compliance

officer. The Contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the-job programs for outreach and training of minorities and women.

(D). The Contractor and its Subcontractors shall furnish such reports or other documents to the New Jersey Department of Treasury, Division of Public Contracts Equal Employment Opportunity Compliance as may be requested by the office from time to time, in order to carry out the purposes of N.J.A.C. 17:27, and public agencies shall furnish such information as may be requested by the Division of Public Contracts Equal Employment Opportunity Compliance for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code at N.J.A.C. 17:27.

**THE FOLLOWING GENERAL REQUIREMENTS
SHALL APPLY TO ALL LOCATIONS**

HOLIDAYS: Work shall not take place on the following holidays:

New Year's Day
President's Day
Friday before Easter
Memorial Day
Independence Day
Labor Day
Columbus Day
Veteran's Day
Thanksgiving Day
Day following Thanksgiving
Christmas Day

PERIOD OF CONTRACT: After receipt by him of the acceptance of his proposal, the Contractor shall complete the performance of the Work within seventy-five (75) days.

INSURANCE/BACKGROUND CHECKS: The Contractor is responsible to conduct adequate background checks on all employees and/or subcontractors working at the Township of Harmony facilities. Contractors and/or subcontractors must be bonded, show proof of insurance coverage naming the Township of Harmony as an additional insured, and show proof of workers' compensation insurance.

CANCELLATION OF CONTRACT: Any contractor accumulating two (2) "unsatisfactory service" notices in a sixty (60) day period may be dismissed within ten (10) days of receipt of a contract cancellation notice from the Township of Harmony.

CHANGE ORDERS: Any submission for partial or final payment shall include any and all change order requests as of the date of such submission. Vendors will not be paid for any post-dated change order submitted after the payment request voucher has been received by the Township of Harmony.

EMERGENCIES: If an emergency arises, the Contractor is responsible for contacting the Township of Harmony's point of contact within a two (2) hour time frame. The Contractor must supply the Township of Harmony with a cellular phone number to be able to call if an emergency arises.

PENALTIES: In the event of a default in performance by the Contractor, the Township of Harmony will suffer damages. Certain of these damages may be reasonably ascertained; however, others consist of intangible losses, which are difficult to accurately calculate and assess. For those tangible losses for which the Contractor shall be liable, the Township of Harmony may deduct from any amount then due to the Contractor, liquidated damages in the amount of One Hundred Dollars (\$100.00) per day for each failure on the part of the Contractor to perform any of the resurfacing of roads works as described herein. The sum determined pursuant to this paragraph is not a penalty but an attempt to reasonably forecast the potential harm due to intangible losses caused by the Contractor's breach. The Contractor acknowledges that in submitting its bid and in accepting the award of the Contract, it has ascertained the

risk of non-performance under this paragraph to the same extent as if the Contractor and the Township of Harmony had negotiated the amount of liquidated damages at arm's length.

The election of the Township of Harmony to refrain from assessing liquidated damages for any failure of the Contractor shall not constitute a waiver on the part of the Township of Harmony in the event it shall later elect to terminate the Contractor for breach or to collect liquidated damages as specified herein. If the amount of liquidated damages due from the Contractor exceeds the amount of all monies due and/or to become due to the Contractor, the Contractor shall pay the balance to the Township of Harmony. Nothing herein shall prohibit the Township of Harmony from pursuing any claim for compensatory damages for all actual losses resulting from the Contractor's failure to comply with the terms of the Contract.

LOCATION SECURITY: Buildings, gates, and yards shall not be left unlocked. Locations may only be unlocked when work crews are present and working. Violation of this restriction constitutes a serious non-performance condition and may jeopardize the contract and prevent the contractor from future bidding.

INSURANCE: The Contractor shall maintain during the life of the Contract insurance policies of the type and with the minimum limits indicated below and in a form satisfactory to the municipality. The Contractor shall provide to the municipality a certified copy of the policies and/or certificates of insurance satisfactory to the municipality prior to commencement of the Work. The Contractor must maintain workers' compensation insurance in accordance with the laws of the State of New Jersey. The Contractor shall also obtain and maintain employers' liability insurance. Commercial general liability insurance coverage, written on an occurrence basis, must not be altered by any endorsements limiting coverage. Limits of liability shall not be less than One Million Dollars (\$1,000,000.00) per property. The Township of Harmony and the NJDEP each must be named as an additional insured.

BID SPECIFICATIONS FLOOD BUY-OUT DEMOLITION

NJDEP currently owns the Great House Real Estate properties located within the Township of Harmony, Warren, New Jersey, known and designated as Block: 49 Lots: 1, 1.02 and 1.03, also known as 2-4 Harmony Station, as shown on the current Township of Harmony Tax Maps. This bid requires the demolition and proper disposal of the dwelling unit(s) and associated sheds, complete with footings and or slabs/basements/crawl spaces, closing of all wells, pumping and filling of all septic systems, cesspools, removal and testing of aboveground storage tanks, and disconnecting of all utilities. This bid also requires grading and seeding of the property where the structures were located to meet the natural contour of the surrounding land and to protect from potential erosion.

SCOPE OF WORK

The following will be required by the awarded contractor.

Structures:

1. Construction permits, performance bonds, and maintenance bonds are required. The construction permits will be provided by the Township of Harmony's Building Department Code Enforcement Official. Performance bonds and maintenance bonds shall be held by the Township of Harmony. The Contractor shall be responsible to notify the Code Enforcement Official of the street addresses of the structures to be demolished. The Township of Harmony shall oversee the demolition work on behalf of NJDEP. It is in the best interest of the Contractor to coordinate with the Township of Harmony's point of contact or with the identified Code Official to ensure strict adherence to the entire Scope of Work.

2. The Contractor shall be responsible to notify and obtain written a release of all utilities having service connections within the structure, such as water, electric, gas, sewer, cable television, and other connections. The approval to demolish any structure will not be given until such release is submitted and approved by the Township of Harmony's Building Department. The written release shall state that the respective service connections and appurtenant equipment, such as meters and regulators, have been removed and sealed or plugged in a safe manner.

3. The Contractor will be responsible to verify if asbestos-containing material (ACM) is present in any building structure. If ACM is present, the Contractor shall provide all equipment, labor, and material necessary to properly remove, handle, and dispose of all ACM. All work, including disposal, must be conducted in accordance with all applicable local, State, and Federal regulations, including those of the New Jersey Department of Labor and Workforce Development (NJLWD), the NJDEP, the Environmental Protection Agency (EPA), the National Emission Standards for Hazard Air Pollutants (NESHAP), and the Occupational Safety and Health Administration (OSHA) prior to demolition of any structure.

4. The Contractor is responsible for the proper management and disposal of lead-based paint debris, which is regulated by NJDEP. If the debris generated from abatement, renovation, and remodeling activities meets the classification of "household waste" in accordance with the United States Environmental Protection Agency (USEPA) memorandum dated July 31, 2000, entitled "Regulatory Status of Waste Generated by Contractors and Residents from Lead-Based Paint Activities Conducted in Households," then under the NJDEP's Solid Waste Rules (specifically at N.J.A.C. 7:26-2.13(g)), the debris will be considered solid waste, identified as ID 13C Construction and Demolition Waste. In that instance, the debris waste must be transported by a NJDEP-licensed solid waste transporter and must be disposed of at a permitted solid waste landfill. If the debris does not meet the classification of "household waste" and is generated from demolition activities, the generator must classify the material to determine whether same is hazardous waste (i.e. USEPA Hazardous Waste Number D008) or ID 13C Construction and Demolition Waste. For further information concerning waste classification, NJDEP's Division of Solid and

Hazardous Waste, Bureau of Resource Recovery and Technical Programs can be reached at 609-292-8341. For further information concerning lead-based paint debris disposal in New Jersey landfills, NJDEP's Division of Solid and Hazardous Waste, Bureau of Landfill and Recycling Management can be reached at 609-984-6650.

5. The Township of Harmony Code Enforcement Official shall be responsible for verifying the required permits, paperwork, and documentation associated with the demolition work. The Contractor shall be responsible for providing written verification of the required disposal of any regulated solid waste or hazardous substances encountered on the property.

6. Pre-demolition notice to adjoining property owners shall be given by the awarded Contractor. The Contractor shall be responsible to inform the Township of Harmony Code Enforcement Official at least one (1) week, i.e. 7 calendar days, prior to the approximate start date of the demolition work. A mandatory pre-construction meeting may be required by the Township of Harmony prior to beginning the demolition work.

7. The Contractor shall be required during the demolition of a structure to keep the premises free of all unsafe or hazardous conditions. This includes the period during the restoration of established grades and the erection of temporary safety fences and silt fences.

8. The Contractor must have all vacant structures baited for rodents. The Contractor must supply written verification of the rodent baiting to the Township of Harmony Code Enforcement Official.

9. The Contractor shall be responsible for determining the location of and for the proper closure of any existing, on-site drywells, cisterns, shallow wells (i.e. points, cesspools, or any subsurface disposal system for either sewage or laundry waste) and any drainage collection system for storm water. The Contractor shall provide written proof of the proper closure of any existing drywells, cisterns, shallow wells, or drainage collection systems to the Township of Harmony Code Enforcement Official.

10. The Contractor shall be responsible for the proper disposal of any and all unregulated solid and hazardous waste, including but not limited to household chemicals, consumer packaged pesticides, oils, paints, or other related items.

11. Floodplains have a high potential for Native American archeological deposits in the soil and subsoil. If archeological deposits, human burial, or skeletal remains are encountered on the premises, all ground-disturbing activity must stop immediately. At that time, the Contractor shall promptly contact the New Jersey Historic Preservation Office at (609) 292-0061 for further direction.

Site Remediation:

After removing any and all site improvements i.e. dwellings, foundations, structures, tanks, fences, walks/driveways, etc. (whether concrete or asphalt/bituminous), accumulated materials, and/or debris, the Contractor shall be responsible to leave the site in a clean, finished, graded, and stabilized (i.e. grass growth covering the site) condition. Masonry materials from any foundations, footings, sidewalks, etc., may be used as excavation backfill, provided that all basement slabs are broken up to prevent the trapping of water, and all masonry materials are broken up into pieces no larger than one foot (1') in any dimension and mixed with a sufficient quantity of clean soil, so as to permit complete filling of all voids and proper compaction. All on-site concrete fill material shall be placed no less than three feet (3') below the proposed finished grade, including the removal of footings, foundations, walls, etc., which must be removed to a minimum depth of three feet (3') below proposed finished grade. Asphalt/bituminous materials must be removed from the site and properly disposed of by the Contractor. Proper documentation from the disposal facility shall be submitted to the Township of Harmony Code Enforcement Official.

The Contractor shall import an adequate quantity of clean soil, sufficient to fill in all excavations and/or foundations and grade the site, so as to prevent the accumulation or trapping of storm water runoff. The source of the clean soil (i.e. free of concrete, asphalt, brick, cinder/cement block, wood, trees, roots, branches, non-

decomposed vegetative matter, metal, plastic or any other form of construction debris; and free of any hydrocarbons/hazardous/controlled materials) shall be as approved by the Township of Harmony. The Contractor can either provide a sample of the soil for review and evaluation by the Township of Harmony or advise of the source site, within a 25-mile limit of the Township of Harmony, so as to afford a representative of the Township of Harmony the opportunity to inspect the source site. The Township of Harmony may conditionally approve the material source, subject to the Contractor providing an analysis performed by an approved testing laboratory, that the soil is free of any objectionable material and/or substances.

Acknowledging that these properties are all located within the floodplain, the Contractor shall take appropriate precautions to prevent erosion or washout of the placed soil until proper stabilization is achieved. Should such erosion or washout occur before stabilization is complete, the Contractor will be required to re-grade/refill, seed, and/or re-stabilize the site. The quantity of imported soil shall be the minimum amount required to achieve the proper site grading.

Removal of Above-Ground Oil Tanks: (NOTE: All known Underground Storage Tanks are to be remediated by property owners prior to the transfer of title to NJDEP.)

1. Construction permits may be required. The Contractor shall be responsible to notify the Township of Harmony Code Enforcement Official of the street address of the tank(s) to be removed.
2. Contractors further are responsible for the following:
 - a. Removal of oil from tank
 - b. Cutting a hole in the tank of adequate size to permit cleaning
 - c. Entering the tank and squeegeeing it clean
 - d. Removal of sludge
 - e. Removal of tank (along with filling and venting pipes, if separate)
 - f. Contacting the Township of Harmony Building Department for tank inspection, if necessary
 - g. Backfilling any holes left from removing the tank
 - h. Disposal of tank at licensed facility
 - i. Disposal of all waste oil, sludge, etc., at licensed facility.

Should any unusual situation arise during demolition work causing any possible concerns, the Contractor shall immediately contact the Township of Harmony Code Enforcement Official, at 908-713-0722.

Underground Septic Tanks:

If there are any underground septic tanks located on the property, then the Contractor is responsible for having such tanks pumped, crushed, and backfilled in accordance with all applicable State, County Health Department, and local regulations.

Closure of Wells:

Wells shall be decommissioned pursuant to "Well Construction and Maintenance; Sealing of Abandoned Wells, N.J.A.C. 7:9D." This action must be completed by a licensed well driller and shall include the filing of a well abandonment report with NJDEP's Bureau of Water System and Well Permitting. An official copy of this report must be filed before payment will be processed.
